

AEG POWER SOLUTIONS

Since its inception in 1887, AEG Power Solutions has become one of the world's most recognized innovators in power solutions technology. Our experienced engineers can address your toughest design challenges and requirements.

ADVANCED SCR POWER CONTROLLERS

The Thyro-Family includes four series of digital SCR power controllers to meet your specific needs in electric heat. Built for performance, AEG Power Controllers are among the most reliable solutions in the market.

CUSTOM POWER SUPPLIES & SYSTEMS

Ranging from watts to megawatts, AEG Power Solutions produces custom AC or DC power solutions for the most demanding applications. Modern technologies are employed to maximize performance and reliability and to provide you with a cost-effective solution.

TYPICAL MARKETS & APPLICATIONS

- » Arc Furnaces
- » Chemical Processes
- » Deposition Equipment
- » Electrolysis
- » Fibers
- » Glass Manufacture
- » Industrial Furnaces
- » Metals
- » Oil & Gas
- » R&D
- » Solar & Renewable Energy
- » Sapphire & Crystal
- » Semiconductor
- » Vibratory/Material Handling

LEADING EDGE TECHNOLOGY

AEG Power Solutions is an innovator in providing energy efficient solutions for emerging markets.

GLOBAL CUSTOMER SUPPORT

AEG Power Solutions provides a full range of service and support options with 20 service centers and over 50 expert partners worldwide.

HIGH PERFORMANCE

AEG Power Solutions offers the most comprehensive portfolio of power supply and control solutions, systems and services.
